Wolf has been cooking and entertaining family and friends for years. He built a wood-fired oven in his backyard where he and his wife would host patio pizza parties. These backyard parties and his delicious pizza were so successful that his friends encouraged him to take his pizza party on the road. That's how Wolf's Patio Pizza was born.

Wolf's Patio Pizza offers an artisanal gourmet pizza prepared, cooked, and served at your venue. Wolf's pizza is baked in an authentic Italian wood-fired oven custom built in a trailer that can be transported directly to your event.

Let us bring the party to your patio!
